Director’s Interview

Q: What is your favorite pastime?
A: My one and only hobby is working in this reputed college from morning 9 am to evening 9 pm. Apart from that I have immense involvement in spiritual belief where I usually worship God.

Q: What are your Philosophies in life?
A: ‘According to me honesty and perseverance are two ways through which we can achieve our goal. In our daily life we follow Gandhiji’s way of honesty, truth and non-violence definitely appreciations, success and self-satisfaction will come’. He further quoted one of the greatest sages Thiruvalluvar, who belonged to the 1st century BC of Sangam Tamizh age stated “whatever we do if we make sure that it will be benefitted for our society and people around us, definitely it will be appreciated by everyone”

Q: Is it true that you have known late Dr. A.P.J Abdul Kalam from your college days?
A: Yes, he was my super senior in the college where I studied.

Q: What do you have to say about him?
A: He was known for his simplicity. He was a person who kept saying that country’s future is in the hands of youth and he insisted everyone to dream where the dream should not make you sleep but to work hard for our nation.

Q: What are your aspirations for this institution?
A: I worked hard, in fact I shed my blood for the growth of this institution for the past 3 ½ years. My goal is that our great institution must be one of the top 10 colleges of Bangalore University by 2020.

Q: What is the significance of your attire?
A: 30 years back, I had a dream to wear safari suit but during those days it was beyond my reach. After working hard for 20 years I have fulfilled my dream.

Q: What do you want to do after your retirement?
A: My current age is 66. I already crossed my age of retirement in fact I have worked 8 years after my retirement age. The management of this institution is so nice that they want me to continue working here endlessly. I think this will be my last place to work and this is a great honor to one. I won’t prefer to work after leaving IFIM. My later part of life will be on spiritual.

Q: Any message for the students?
A: Dear students, you must feel proud that you are studying in IFIM College. This college provides you good infrastructure, experienced teachers and good academic activities. What else do you require to achieve? Do shape your future it is an opportunity given by God.

By Surbhi Singh & Gowtham.K 2nd year BAJ
“The best aspect of IFIM College is not only the faculty, but the students and classmates from varied backgrounds. It is exciting to be around people with so many diverse thoughts and perspectives. Our classroom sessions involve a lot of discussions and cases, where we try to do assignments through grouped deliberations. Good insights and resolutions flow easily when you are surrounded by students from so many different places, so we get a well-rounded perspective to everything. This helps during professional life while working in MNC’s and international organizations.”

Mannat Gill
BBA
2015-2018 Batch

It is one of the reputed and best college in the heart of Electronic City. It motivates the students in the right direction with recent updates in the current market. The institution had helped myself to face challenges and am happy to study here.

Shubhakankhi Ghorui
BA (Journalism)
2014 – 2017 Batch

I would be grateful to say that Personality Enhancement inculcated among the students is extra-ordinary. The Literary Club, Music Club, Photography Club of this philanthropic institution helps in developing the outlook of a student. Faculties send the students to other colleges in order to take part in different events so as to learn and experience a lot. It is a place of fun learning and self-development.
